RESORT WEAR

2019-2020 Abbreviated Look Book

Off the Shoulder Jumper

L' Antonio is a state of mind. The state of mind that comes from a personal place of sheer satisfaction. We all know that when we look good, we feel good. The peace and ease that comes from vacations, from taking a break from life, is the same peace and ease we feel from our line. A sophisticated ease that flows from within, L' Antonio enhances a woman's inner beauty and assists in falling into sheer satisfaction.

The roots of L' Antonio are grounded in the love of tropical living. Particularly the country of Costa Rica where I was born. We have a saying; Pura Vida, meaning simple life, free of stress, a positive and relaxed feeling.

My passion was to create a luxury lifestyle line that was simple, sophisticated and stress-free. L' Antonio is that lifestyle.

Our goal is to have you look casually elegant and feel completely comfortable moving from beach or pool side to a restaurant or lounge. With this in mind, we created a luxury resort wear line comprised of breathable fabrics that bring you to warm and exotic destinations year-round.

We sell originally designed individual pieces from full-length flowy dresses, colorful pantsuits, skirts paired with a stylish blouse, wrap dresses and jumpsuits. We understand that one piece of garment may or may not stand alone, which is why we pair our clothing with chic and stylish accessories such as jewelry, handbags, scarves or head wraps depending on how you wish to express yourself. We invite you to come share in the L' Antonio experience.

A sophisticated ease that flows from within, L' Antonio enhances a woman's inner beauty while communicating fashion consciousness.
